

205: Spring Luminescence

Skill Level: Intermediate

Technique: Shading with Metallics, Goldwork

Design Area: 7 ½" x 3 ¾" on 10" x 12" Congress cloth

Teacher: Sandy Rodgers

Kit Cost: \$78

Kit Contents: Light blue or rose Congress cloth with design drawn, all silks, metallics, and metal threads necessary to stitch the design; detailed instructions.

Early flowers welcome the morning sun, their petals still glistening with bits of snow. Sandy has developed a new technique of shading with metallics, imparting both sparkle and depth. Among the silken leaves we'll create a tiny silver or gold creature using goldwork methods. Flowers are stitched in your choice of metallic values echoing the color of the ground Congress cloth, light blue or rose. There'll be time to stitch and practice the techniques in class—promise!
