POCKETFUL of POSIES

Two Day Workshop

INTERMEDIATE. . . Kit cost: \$95.00

Pocketful of Posies is the perfect place for avid beaders to keep their scissors. This workshop offers the student the opportunity to learn how to do several advanced techniques such as circular right angle diamond stitch for the pocket and two step spiral stitch with crystals for the necklace. The open weave stitch used for the pocket is an excellent base for the leaves and flowers that grace this piece.

The course objective is to expand class participants' knowledge of the right angle stitch. Special emphasis will be arranging and attaching multiple flowers and leaves on a beaded background.

FINISHED SIZE: Pocket is 1 & 1/2 inches wide by 5 & 1/2 inches long including tassel. The necklace strap is 34 inches long and may be adjusted by the student.

TECHNIQUES: Two step spiral stitch with crystals, right angle stitch for pocket, herringbone and Peyote stitches for flowers and tassel for embellishment.
