

# MICHIGAN STATE DAY 2012

Celebrate two Michigan landmarks  
with the Marshall Chapter EGA  
on **Saturday, July 28, 2012**  
at the renown Turkeyville U.S.A.

Toni McKelly has designed an exclusive "reproduction" of the Brooks Memorial Fountain in Marshall, Michigan just for Michigan State Day. Cotton and metallic threads, some layering for dimension and "stitch-painted" trees on black congress cloth will bring to life the overall beauty of the fountain at night when the water sparkles like the stars. Several different stitches are used, but nothing is difficult –just fun to stitch and with freedom to make the piece your own.

Consider making it a family weekend. For recreation and camping opportunities, check out [www.turkeyville.com](http://www.turkeyville.com) and [www.marshallmi.org](http://www.marshallmi.org).
